Where grown-ups meet and little ones learn and play!

The Family Room is a play/learning environment for children ages birth – 5 accompanied by their parents or caregivers. It is a place where parents meet and preschoolers play! Children engage, experience and learn how to interact positively with other children. A great deal of emphasis is placed on using several different mediums to convey information about the world around us. Exposure to letters, numbers, colors, shapes, animals, and the environment is included.

In the Family Room, the parent or guardian plays a very important role. It cannot be emphasized strongly enough that the Family Room is not day care. Not only must a caregiver be present but their active involvement is crucial for the success of this program.
